

Want to make a difference in country South Australia?

We are seeking expressions of interest for vacancies on our Audit and Risk & Strategic Planning sub-committees

We are seeking committed individuals connected to the Limestone Coast, Riverland, Murraylands, Adelaide Hills and Fleurieu Peninsula communities to help guide the strategic direction of ac.care and our work to support vulnerable South Australians.

ac.care delivers diverse programs, such as foster care support, residential care, homelessness and Aboriginal services and other initiatives focused on families and communities, with funding from state and federal governments and our own resources.

This requires diverse and thoughtful governance and we are broadening the representation and experience on our board to ensure communities we work with in all regions are represented.

This non-executive role is as a community representative on the respective sub-committees and is open to people of diverse backgrounds. Aboriginal and Torres Strait Islander people are encouraged to apply.

This is a unique opportunity to join the vibrant regional governance team of a diverse and trusted social welfare organisation committed to your community.

For more details or to lodge an expression of interest outlining your experience and what you could bring to the governance of ac.care, please email care@accare.org.au to the attention of chief executive officer Shane Maddocks by 5pm, Wednesday, April 26.
