

Want to make a difference in country South Australia?

ac.care
opportunities for life ... for country people
est. 1986

Join our board

We have one vacancy available:

General community representative

(Open to all Limestone Coast, Riverland, Murraylands,
Adelaide Hills and Fleurieu Peninsula residents)

Anglican Community Care Inc. | A member of the Anglicare Australia Network

Looking for a unique opportunity to contribute to the social welfare of regional South Australians?

ac.care is seeking a Board Member to guide the governance and strategic direction of our diverse not-for-profit agency. This position is open to anyone living or working in either the Limestone Coast, Riverland, Murraylands, Adelaide Hills or Fleurieu Peninsula.

It is an exciting time to be involved in ac.care's governance as the agency embarks on development of a long-term vision focused on breaking cycles of disadvantage in country communities.

Formed in regional South Australia, ac.care delivers diverse programs, such as foster care support, child and youth residential care, homelessness programs, Aboriginal services and other initiatives focused on families and communities with funding from state and federal governments, along with our own resources.

We want all country people to have a safe home, enough money to live on and strong, positive relationships. But delivering on this bold vision requires diverse and thoughtful leadership with a strong governance team and our board structure ensures communities we work with across all regions are represented.

This is a unique opportunity to join the vibrant regional governance team of a diverse and trusted social welfare organisation committed to your community. Training can be provided and we welcome expressions of interest from people with a range of employment, governance and life-experience backgrounds. Applicants with experience working with not-for-profit organisations and working with Aboriginal peoples and communities will be prioritised.

Our board meets 10 times per year, in addition to the annual general meeting. Travel is required to the Riverland, Limestone Coast and Murray Bridge annually, however technology is available to connect remotely to most meetings and reimbursement is available for some costs.

More than 10pc of our staff are Aboriginal and we are proud to continue to provide opportunities for Aboriginal people to be valued members of our diverse team. Aboriginal and Torres Strait Islander people are encouraged to apply.

We expect high standards in relation to our responsibilities as a Child Safe organisation and other legal requirements based on the agency's work.

For more details or to lodge an expression of interest outlining your experience and what you could bring to the governance of ac.care, please email care@accare.org.au to the attention of chief executive officer Shane Maddocks by 5pm, September 16.
